## 1. Qualitative Information on Quarterly Financial Results

### (1) Explanation of Operating Results

On August 14, 2023, CTI Engineering Co., Ltd. (hereinafter the “Company”) released a statement, “Inappropriate transaction and its impact on the company’s results,” in relation to an employee’s inappropriate subcontracting transactions. The Company hereby expresses its deepest apologies to stakeholders for any inconvenience this may have caused.

In 2021, the Company formulated its management strategy, the CTI Group medium- to long-term vision SPRONG 2030, and its first step, the Medium-term Business Plan 2024. In the 61st term, the second year of the Medium-term Business Plan 2024, while the Company will continue working to address issues, it will focus in particular on the following priority agenda items with the aim of achieving the goals of the Medium-term Business Plan 2024.

- (1) Promotion of business structural reform
- (2) Promotion of production system reform
- (3) Strengthening governance
- (4) Promotion of sustainability management

With regard to the business environment that the CTI Group finds itself in, the domestic consulting engineering business remained robust, on the back of the bolstering of government-led projects for disaster prevention/mitigation and the promotion of measures to build national resilience for the maintenance of aging infrastructure. It is also expected that social demands related to disaster risk, promotion of digital transformation (DX), and carbon neutrality will further increase. In the overseas consulting engineering business, the Asian market is gradually improving from the upheaval of the COVID-19 pandemic. Meanwhile, the UK and Australian markets require continued monitoring as conditions for order intake remain unstable due to economic trends such as the high inflation rate and rising wages.

As a result of the above, orders received by the Group during the period under review increased by 11.6% year-on-year to 58,923 million yen (52,785 million yen for the corresponding period of the previous year). Meanwhile, sales amounted to 47,623 million yen (41,844 million yen for the corresponding period of the previous year), which is equivalent to 54.7% of the sales forecast for the fiscal year ending December 31, 2023. Ordinary profit amounted to 7,287 million yen (5,601 million yen for the corresponding period of the previous year), or 84.7% of the full-year forecast for ordinary profit, and net income attributable to owners of the parent was 5,289 million yen (3,796 million yen for the corresponding period of the previous year), or 84.0% of the full-year forecast for net income attributable to owners of the parent.

### (2) Explanation of Financial Position

#### (Assets)

At the end of the period under review, the Group’s total assets totaled 81,234 million yen, an increase of 7,938 million yen compared to the end of the previous fiscal year. This was mainly due to an increase in “cash and bank deposits,” while “notes receivable, completed work receivables and contract assets” decreased.

#### (Liabilities)

Total liabilities at the end of the period under review were 29,383 million yen, an increase of 3,806 million yen compared to the end of the previous fiscal year. This was mainly due to an increase in “contract liabilities,” while “accounts payable” and “reserve for bonuses” decreased.

#### (Net assets)

Net assets at the end of the period under review totaled 51,851 million yen, an increase of 4,131 million yen compared to the end of the previous fiscal year. This was mainly due to an increase in “profit surplus” resulting from the posting of “net income attributable to owners of the parent,” which offset a decrease due to acquisition of treasury stock.

(3) Explanation of Consolidated Financial Results Forecast and Other Forward-looking Information

The Company has revised its consolidated financial results forecast for the fiscal year ending December 31, 2023, released on February 14, 2023. For details, please see “Notice of Revision to Financial Results Forecast” released on August 14, 2023.

(3) Notes to Quarterly Consolidated Financial Statements

(Notes on going concern assumption)

Not applicable.

(Notes in case of significant changes in shareholders' equity)

Based on a resolution of the Board of Directors meeting held on February 14, 2023, the Company repurchased its own shares, resulting in an increase of 999 million yen (298,600 shares) in treasury stock during the period under review.

Meanwhile, the Company disposed of its own shares for restricted stock remuneration based on a resolution of the Board of Directors meeting held on April 28, 2023, resulting in a decrease of 75 million yen (23,586 shares) in treasury stock during the period under review.

After an increase due to purchase of shares below a unit was taken into account, treasury stock was 939 million yen (294,532 shares) as of June 30, 2023.

(Accounting methods adopted particularly for the preparation of quarterly consolidated financial statements)

(Calculation of tax expenses)

The Company calculates tax expenses by multiplying net income before income tax for the period under review by a reasonably estimated effective tax rate for net income before income tax for the fiscal year ending December 31, 2023 after the application of tax effect accounting.

(Changes in accounting policies)

(Application of the Implementation Guidance on Accounting Standard for Fair Value Measurement)

The Company has applied the "Implementation Guidance on Accounting Standard for Fair Value Measurement" (ASBJ Guidance No. 31, June 17, 2021; hereinafter "Fair Value Measurement Standard Implementation Guidance") from the beginning of the period under review, and will prospectively apply the new accounting policies stipulated by the Fair Value Measurement Standard Implementation Guidance in accordance with the transitional treatment as set forth in Paragraph 27-2 of the Fair Value Measurement Standard Implementation Guidance. This does not affect the quarterly consolidated financial statements.
